A. Finding the shortest path between two people

(2) Select an 'end' person using the *Path Destination Selection* sheet.
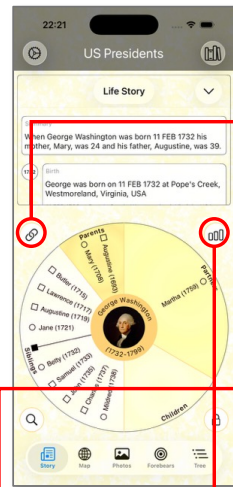

(1) Place the 'start' person at the centre of the Wonder Wheel and tap the 'chain' icon
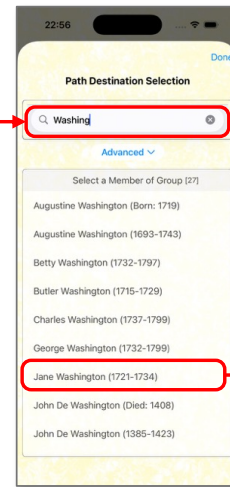

(3) Tapping the person displays the Path table

(2) Choose a notice period and tap 'OK' to generate an anniversaries calendar in the Apple Calendars app.
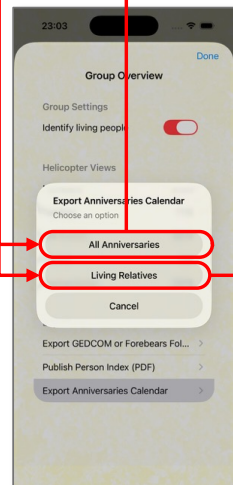

Living Persons: a selection list is generated with the births and marriages of living persons plus the deaths of immediate relatives.

B. Generating an Anniversaries Calendar
