

## A4. Selecting a Focal Person

### Option 1

Quick 1-step move by double-tapping any peripheral icon to bring that person into focus

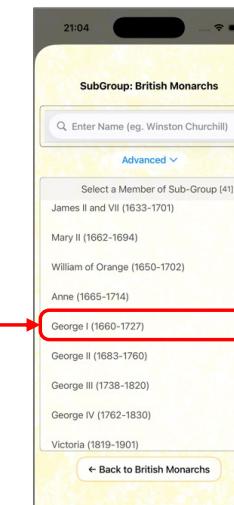

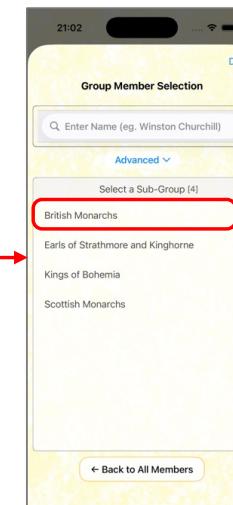

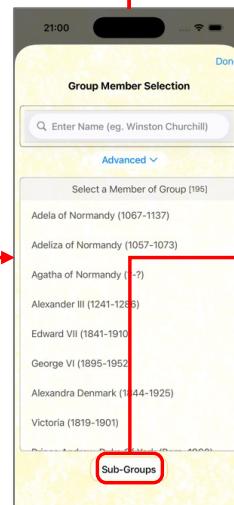

### Option 2

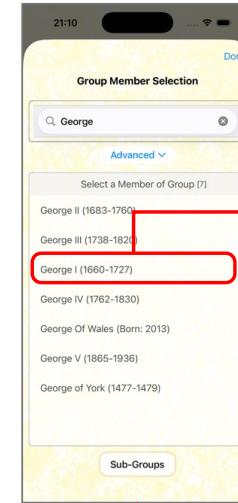

Move anywhere in the Group by tapping the magnifying glass button to select a new focal person (one who is not closely related to the current focal person)

### Three ways to select a person (see A, B or C)

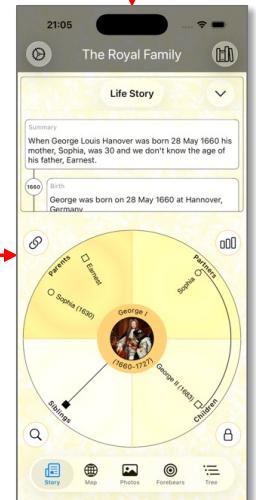

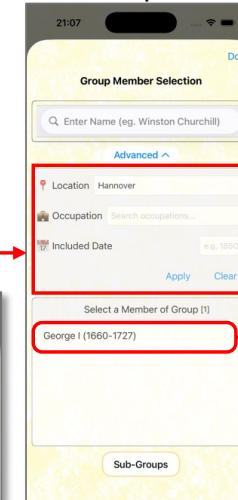

(Names are listed in alphabetical order by first name)

**(A) Simple search by full or partial name then tap the name to select**

**(B) Advanced search on location, occupation or date**

**(C) By 'Title' (eg. 'British Monarchs'). You can set up your own titles on the Individual Editing Home Screen.**
